Acknowledgements

This book is based on an earlier draft written by volunteers from the [ODFAuthors](#) and Apache OpenOffice communities, and on *Getting Started with OpenOffice.org 3.3*, with additional material adapted from *Getting Started with LibreOffice 3.4*. The contributors to those books are listed on page 14.

Publication date and software version

Published 10 May 2013. Based on Apache OpenOffice 3.4.1.

Contents

Preface	9
Who is this book for?.....	9
What's in this book?.....	9
Where to get more help.....	9
What's new in Apache OpenOffice 3.4?.....	10
What are the advantages of Apache OpenOffice?.....	11
What you see may be different.....	11
Using Apache OpenOffice on a Mac.....	12
Frequently asked questions.....	12
What are all these things called?.....	13
Acknowledgements.....	14
Chapter 1	
Introducing Apache OpenOffice	15
What is Apache OpenOffice?.....	15
Minimum requirements.....	16
How to get and install the software.....	16
Extensions and add-ons.....	16
Starting Apache OpenOffice.....	17
Parts of the main window.....	18
Starting a new document.....	23
Opening an existing document.....	23
Saving a document.....	24
Closing a document.....	25
Closing Apache OpenOffice.....	26
Using the Open and Save As dialogs.....	26
Using the Navigator.....	27
Undoing and redoing changes.....	28
Chapter 2	
Using Styles and Templates	31
What is a template?.....	31
What are styles?.....	31
Applying styles.....	32
Modifying styles.....	34
Creating new (custom) styles.....	36
Copying and moving styles.....	37
Deleting styles.....	39
Using a template to create a document.....	39
Creating a template.....	40
Editing a template.....	42
Adding templates using the Extension Manager.....	43
Setting a default template.....	44
Associating a document with a different template.....	44
Organizing templates.....	45

Examples of style use.....	47
Chapter 3	
Getting Started with Writer.....	49
What is Writer?.....	49
The Writer interface.....	49
Changing document views.....	52
Moving quickly through a document.....	52
Working with documents.....	53
Working with text.....	54
Formatting text.....	62
Formatting pages.....	66
Adding comments to a document.....	70
Creating a table of contents.....	71
Creating indexes and bibliographies.....	71
Adding images and other graphics.....	72
Adding tables, spreadsheets, and charts.....	72
Adding a movie or sound.....	73
Printing.....	74
Using mail merge.....	74
Tracking changes to a document.....	74
Using fields.....	75
Linking to another part of a document.....	75
Using master documents.....	78
Creating fill-in forms.....	78
Chapter 4	
Getting Started with Calc.....	79
What is Calc?.....	79
Spreadsheets, sheets and cells.....	79
Parts of the main Calc window.....	79
Opening and saving CSV files.....	82
Navigating within spreadsheets.....	84
Selecting items in a sheet or spreadsheet.....	88
Working with columns and rows.....	90
Working with sheets.....	91
Viewing Calc.....	93
Entering data using the keyboard.....	96
Speeding up data entry.....	98
Validating cell contents.....	101
Editing data.....	101
Formatting data.....	102
Autoformatting cells and sheets.....	106
Formatting spreadsheets using themes.....	107
Using conditional formatting.....	108
Hiding and showing data.....	108
Sorting records.....	109

Using formulas and functions.....	110
Analyzing data.....	110
Printing.....	111
Chapter 5	
Getting Started with Impress.....	119
What is Impress?.....	119
Starting Impress.....	119
The main Impress window.....	120
Workspace views.....	124
Creating a new presentation.....	128
Formatting a presentation.....	130
Adding and formatting text.....	134
Adding pictures, tables, charts, media files, and other objects.....	138
Working with master pages and styles.....	141
Adding comments to a presentation.....	146
Setting up the slide show.....	147
Running a slide show.....	148
Chapter 6	
Getting Started with Draw.....	149
What is Draw?.....	149
Parts of the main Draw window.....	149
Choosing and defining colors.....	152
Positioning objects with snap functions.....	153
Positioning objects with guiding lines.....	155
The basic drawing shapes.....	155
Drawing geometric shapes.....	160
Selecting objects.....	161
Moving and dynamically adjusting an object's size.....	163
Editing objects.....	164
Using styles.....	166
Special effects.....	166
Combining multiple objects.....	169
Aids for positioning objects.....	170
Inserting and editing pictures.....	170
Working with 3D objects.....	170
Exporting graphics.....	171
Adding comments to a drawing.....	171
Chapter 7	
Getting Started with Base.....	173
Introduction.....	173
Planning a database.....	174
Creating a new database.....	175
Creating database tables.....	176
Defining relationships.....	183
Creating a database form.....	185
