

#### Quick Start Guide

New to Excel 2016 or upgrading from a previous version? Use this guide to learn the basics.

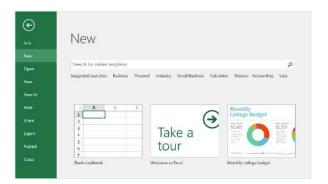

Microsoft

#### Create something

Begin with a **Blank workbook** to get right to work. Or save yourself a bunch of time by selecting and then customizing a template that resembles what you need. Click **File** > **New**, and then select or search for the template you want.

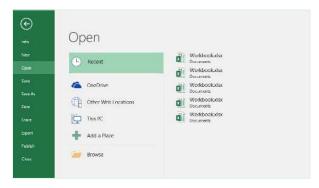

#### Stay connected

Need to work on the go and across different devices? Click **File** > **Account** to sign in and access your recently used files anywhere, on any device, through seamless integration between Office, OneDrive, OneDrive for Business, and SharePoint.

| Account<br>Options<br>Feedback | Connected Services:<br>OncDrive  SinarePoint  | Cffice Updates<br>Updates are downloaded<br>Options* |

#### Find recent files

Whether you only work with files stored on your PC's local hard drive or you roam across various cloud services, clicking **File** > **Open** takes you to your recently used workbooks and any files that you may have pinned to your list.

### Set your preferences

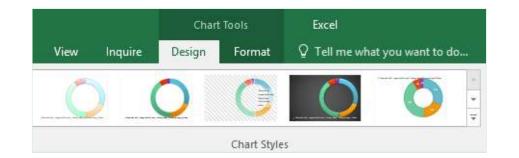

Something not working quite as expected? It's easy to change and customize options at any time. Click **File** > **Options**, and then set up Excel 2016 the way you want.

| ixcel Options   |  | ? ×       |
|---|--|-----------|
| General   | General options for working with Excel   |           |

| -   |  | OK Cancel |

### **1** Office

#### Discover contextual tools

You can make contextual ribbon commands available by selecting relevant objects in your workbook. For example, clicking a chart element displays the **Chart Tools** tabs, and clicking any inserted picture displays the **Picture Tools** tab.

#### Enable optional add-ins

Get all of the statistical functions you need by enabling the optional add-ins you want. To display the list of available add-ins, click **File** > **Options**. In the **Options** dialog box that opens, click **Add-ins**, and then click the **Go** button next to **Manage: Excel Add-ins**.

| Add-Ins available:<br>Analysis ToolPak                         | ОК                  |
|--|---------------------|
| Analysis ToolPak - VBA<br>Euro Currency Tools<br>Solver Add-in | Cancel              |
|  | <u>B</u> rowse      |

| Analysis ToolPak   |                     |
| Provides data analysis tools fo<br>engineering analysis        | r statistical and   |

#### Insert functions, build formulas

On the **Formulas** tab, click **Insert Function** to display the **Insert Function** dialog box. Here, you can search for and insert functions, look up the correct syntax, and even get in-depth help about your selected functions.

#### Share your work with others

To invite others to view or edit your workbooks in the cloud, click the **Share** button in the top right corner of the app window. In the **Share** pane that opens, you can get a sharing link or send invitations to the people you select.
