## **Introduction**

This booklet is the companion document to the OneNote 2016 workshop. OneNote is an application that will let you take notes and store them in a digital notebook. This booklet will show users how to navigate the interface, create, format, edit, insert content, organize notebooks, and easily find content.

## **Learning Objectives**

After completing the instructions in this booklet, you will be able to:

- Identify the components of the OneNote 2016 interface
- Create a new notebook, sections, and pages
- Add and change the formatting of your notes
- Insert different types of content
- Use the draw tools
- Review your notebook with the history and review tools
- Easily search your notebooks to find your notes
