## **Introduction**

Adobe Captivate® is designed to help you create instructional videos, also called screen casts. This booklet explains how to create a Captivate project based on two primary methods:

- Importing your Microsoft PowerPoint® presentation, or
- Recording your screen in a Software Simulation.

## **Learning Objectives**

After completing the instructions in this booklet, you will be able to:

- Create a new Captivate project from a PowerPoint file or via Software Simulation
- Edit your Captivate project
- Record audio for your Captivate project
- Add and edit objects in your project
- Preview and publish your Captivate project
