

# **Kotlin Language Documentation**

## Table of Contents

<b>Overview</b>	6
Using Kotlin for Server-side Development	6
Using Kotlin for Android Development	8
Kotlin JavaScript Overview	10
Kotlin/Native for Native	12
Coroutines for asynchronous programming and more	14
Multiplatform Programming	15
What's New in Kotlin 1.1	18
What's New in Kotlin 1.2	29
What's New in Kotlin 1.3	38
Standard library	44
Tooling	46
<b>Getting Started</b>	47
Basic Syntax	47
Idioms	53
Coding Conventions	58
<b>Basics</b>	76
Basic Types	76
Packages	85
Control Flow: if, when, for, while	87
Returns and Jumps	91
<b>Classes and Objects</b>	94
Classes and Inheritance	94
Properties and Fields	102
Interfaces	106
Visibility Modifiers	109
Extensions	112

Data Classes .....	118
Sealed Classes .....	120
Generics .....	121
Nested and Inner Classes .....	128
Enum Classes .....	129
Object Expressions and Declarations .....	131
Inline classes .....	135
Delegation .....	140
Delegated Properties .....	142
<b>Functions and Lambdas</b> .....	149
Functions .....	149
Higher-Order Functions and Lambdas .....	156
Inline Functions .....	164
<b>Multiplatform Programming</b> .....	168
Platform-Specific Declarations .....	168
Building Multiplatform Projects with Gradle .....	170
<b>Other</b> .....	206
Destructuring Declarations .....	206
Collections: List, Set, Map .....	209
Ranges .....	211
Type Checks and Casts: 'is' and 'as' .....	214
This Expression .....	218
Equality .....	219
Operator overloading .....	220
Null Safety .....	225
Exceptions .....	229
Annotations .....	232
Reflection .....	237

Type-Safe Builders .....	242
<b>Reference</b> .....	250
Keywords and Operators .....	250
Grammar .....	256
<b>Java Interop</b> .....	275
Calling Java code from Kotlin .....	275
Calling Kotlin from Java .....	289
<b>JavaScript</b> .....	298
Dynamic Type .....	298
Calling JavaScript from Kotlin .....	300
Calling Kotlin from JavaScript .....	303
JavaScript Modules .....	306
JavaScript Reflection .....	310
JavaScript DCE .....	311
Example .....	312
<b>Native</b> .....	313
Concurrency in Kotlin/Native .....	313
Immutability in Kotlin/Native .....	317
Kotlin/Native libraries .....	318
Advanced topics .....	319
Platform libraries .....	321
Kotlin/Native interoperability .....	322
Kotlin/Native interoperability with Swift/Objective-C .....	333
Kotlin/Native Gradle plugin .....	338
<b>Coroutines</b> .....	353
Table of contents .....	353
Additional references .....	353
Coroutine basics .....	354

Cancellation and timeouts .....	360
Channels (experimental) .....	365
Composing suspending functions .....	374
Coroutine context and dispatchers .....	379
Exception handling .....	389
Supervision .....	394
Select expression (experimental) .....	398
Shared mutable state and concurrency .....	405
<b>Tools</b> .....	411
Documenting Kotlin Code .....	411
Annotation Processing with Kotlin .....	415
Using Gradle .....	419
Using Maven .....	428
Using Ant .....	436
Kotlin and OSGi .....	440
Compiler Plugins .....	442
Code Style Migration Guide .....	449
<b>Evolution</b> .....	452
Kotlin Evolution .....	452
Stability of Different Components .....	458
Compatibility Guide for Kotlin 1.3 .....	459
<b>FAQ</b> .....	472
FAQ .....	472
Comparison to Java Programming Language .....	476
