#angularjs

Table of Contents

About.....	1
Chapter 1: Getting started with AngularJS.....	2
Remarks.....	2
Versions.....	2
Examples.....	9
Getting Started.....	9
Showcasing all common Angular constructs.....	11
The importance of scope.....	12
The Simplest Possible Angular Hello World.....	14
ng-app.....	14
Directives.....	14
Minification in Angular.....	15
AngularJS Getting Started Video Tutorials.....	16
Chapter 2: \$http request.....	19
Examples.....	19
Using \$http inside a controller.....	19
Using \$http request in a service.....	20
Timing of an \$http request.....	21
Chapter 3: Angular \$scopes.....	23
Remarks.....	23
Examples.....	23
Basic Example of \$scope inheritance.....	23
Avoid inheriting primitive values.....	23
A function available in the entire app.....	24
Creating custom \$scope events.....	25
Using \$scope functions.....	25
How can you limit the scope on a directive and why would you do this?.....	26
Chapter 4: Angular MVC.....	28
Introduction.....	28
Examples.....	28

The Static View with controller.....	28
mvc demo.....	28
Controller Function Definition.....	28
Adding information to the model.....	28
Chapter 5: Angular Project - Directory Structure.....	29
Examples.....	29
Directory Structure.....	29
Sort By Type (left).....	29
Sort By Feature (right).....	30
Chapter 6: Angular promises with \$q service.....	32
Examples.....	32
Using \$q.all to handle multiple promises.....	32
Using the \$q constructor to create promises.....	32
Deferring operations using \$q.defer.....	34
Using angular promises with \$q service.....	34
Using Promises on call.....	35
Properties.....	35
Wrap simple value into a promise using \$q.when().....	37
\$q.when and its alias \$q.resolve.....	37
Avoid the \$q Deferred Anti-Pattern.....	37
Avoid this Anti-Pattern.....	37
Chapter 7: AngularJS bindings options (`=`, `@`, `&` etc.).....	39
Remarks.....	39
Examples.....	39
@ one-way binding, attribute binding.....	39
= two-way binding.....	39
& function binding, expression binding.....	40
Available binding through a simple sample.....	40
Bind optional attribute.....	41
Chapter 8: AngularJS gotchas and traps.....	42
Examples.....	42
Two-way data binding stops working.....	42

Example.....	42
Things to do when using html5Mode.....	43
7 Deadly Sins of AngularJS.....	44
Chapter 9: angularjs with data filter, pagination etc.....	49
Introduction.....	49
Examples.....	49
Angularjs display data with filter, pagination.....	49
Chapter 10: Built-in directives.....	50
Examples.....	50
Angular expressions - Text vs. Number.....	50
ngRepeat.....	50
ngShow and ngHide.....	54
ngOptions.....	55
ngModel.....	57
ngClass.....	58
ngIf.....	58
JavaScript.....	58
View.....	59
DOM If currentUser Is Not Undefined.....	59
DOM If currentUser Is Undefined.....	59
Function Promise.....	59
ngMouseenter and ngMouseleave.....	60
ngDisabled.....	60
ngDbclick.....	61
Built-In Directives Cheat Sheet.....	61
ngClick.....	62
ngRequired.....	63
ng-model-options.....	64
ngCloak.....	65
ngInclude.....	65
ngSrc.....	65

ngPattern.....	66
ngValue.....	66
ngCopy.....	67
Prevent a user from copying data.....	67
ngPaste.....	67
ngHref.....	67
ngList.....	68
Chapter 11: Built-in helper Functions.....	69
Examples.....	69
angular.equals.....	69
angular.isString.....	69
angular.isArray.....	69
angular.merge.....	70
angular.isDefined and angular.isUndefined.....	70
angular.isDate.....	71
angular.isNumber.....	71
angular.isFunction.....	72
angular.toJson.....	72
angular.fromJson.....	72
angular.noop.....	73
angular.isObject.....	73
angular.isElement.....	74
angular.copy.....	74
angular.identity.....	75
angular.forEach.....	75
Chapter 12: Components.....	77
Parameters.....	77
Remarks.....	78
Examples.....	78
Basic Components and LifeCycle Hooks.....	78
What's a component?.....	78
Using External data in Component:.....	78
